

5922 Seven Points Marina Drive
Hesston, PA 16647
Phone: 814.658.3074
Fax: 814.658.0057

Waiting List Guidelines:

1. Forms available on website www.7pointsmarina.com or may be picked up at the Oarhouse during business hours; once filled out may be mailed or faxed to 814.658.0057 so it is date stamped when received.
2. Customer remains on the list until we contact about an available slip, if they choose not to take the available slip we either remove from list or put at the bottom of list if they choose to remain on waiting list.
3. If a current dock/rack customer chooses to sell his boat he may transfer his slip to that buyer. (He no longer has a slip) At that time he may be put on the waiting list for another slip according to date and time of transfer. To transfer his slip, he must bring or mail his contract with parking passes to Seven Points. The boat that is on the contract must be the boat remaining in the slip. Current slip holders are not permitted to sell their dock/racks to a 3rd party, in doing so the 3rd party could immediately have contract terminated with NO REFUND.

In the fall when current customers renew their dock contracts they may put requests for dock changes: to move to a dock with electric etc... in February/March we start down the waiting list with a final list of available docks or racks.

*Any waiting list customers with an incorrect address or a phone disconnected are removed from list.

Dock/Rack Customers:

1. Contracts for the docks and racks are mailed out Mid September.
2. (2) Options for payment 5% discount if paid by closing date of Oarhouse in October or by December 28th. Contracts not paid by Dec 28th automatically forfeit their slip or rack berth

*full amount due must submitted with signed contract with a copy of their declaration page from their insurance policy and a copy of their current boat registration. The registration of the boat must be in the dock/rack holders name.

**contract is for said boat listed on contract and no other unless customer has verified that their new boat will fit in said slip and not hinder customers with adjoining slips.

A customer must mail contract back to us with payment or bring to Oarhouse.
